

company profile

Natural Gas &
Water Treatment

HISTORY

Delta Engineering was founded at the beginning of the 80's. The industrial market is its natural home with particular attention to the **pipng sector**.

In **1992** it takes the first critical step, Delta Engineering buys the  company certified ISO 9001; U-stamp and S-STAMP and thanks to this acquisition in terms of human resources and workshop equipment it becomes, in a short time, **leader in Pressure Vessel market in Italy**.

In middle of the 90's Delta Engineering passes on to a second phase and creates the "**Filtration Department**". In **2000** Delta Engineering buys SITECO; thanks to this acquisition Delta Engineering **acquires the engineering activity for process packages** focalized for Petrol-chemical industry; Power Generation & Gas Treatment.

Headquarter & Workshop #1

In **2005** it expands its **activity in Europe and North Africa** and Delta Engineering enters in a short time in Spain, Algeria, Libya, Egypt. Now Delta Engineering steadily supplies **Gas & Water Treatment Packages**.

In **2012** Delta Engineering buys  a company specialized in the production of pneumatic, hydraulic and electric valves **actuators**.

In more than 30 years Delta Engineering srl has proved its **flexibility** and **capacity to anticipate and meet the market requests**. With this same spirit we look to the future focusing on our background and know-how.

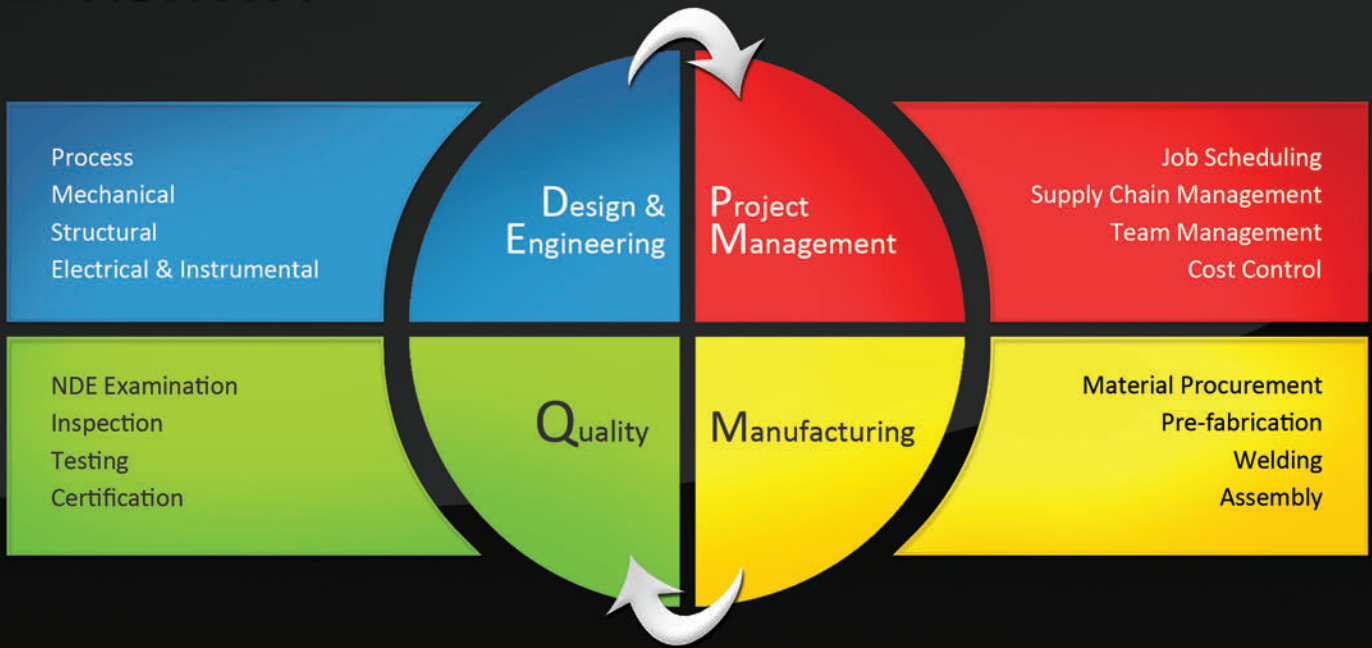

Workshop #2

MISSION

We will earn our customer's TRUST; we will demonstrate superior levels of FLEXIBILITY; and we will deliver Oil & Gas process equipment packages, systems, and services of the highest QUALITY.

It is our goal to make every customer a repeat customer.

ACTIVITY

Starting from Process and Technical Design, passing through the Project Management and thanks to the Manufacturing capabilities, Delta Engineering is able to provide a complete service focused on customer satisfaction.

CERTIFICATIONS

Registrations

MARKETS

PETROLCHEMICAL

- Filtration
- Separation
- Indirect Heater
- Furnace
- Shell & Tube Heat Exchanger
- PRM Station

POWER GENERATION

- PRM Station
- Condensate Treatment
- Water Treatment

MARKETS

STEEL INDUSTRY

- Process Water Filtration
- Cooling & Descaling Headers
- Shell & Tube Heat Exchangers

EQUIPMENTS

OIL & GAS

- Indirect Fired Heaters
- Direct Fired Heaters
- Furnaces
- Heater Treaters
- Scrubbers & Separators
- Filters & Cyclones
- Glycol Regeneration
- Gas Dehydration
- Shell & Tube Heat Exchanger
- Liquid Meter System

WATER

- Cartridge & Basket Filters
- Self Cleaning Filters
- Deoiling
- CPI
- Deareators
- Condensate Polishing
- Nutshell Filters
- Sand Filters
- Carbon Filters

ENGINEERING & DESIGN

CAPABILITIES

- Process
- Mechanical
- Instrumentation

SOFTWARE

- Autodesk Inventor®
- Autodesk AutoCAD®
- PV Elite®

DESIGN CODE

- ASME VIII Div. 1 & Div. 2
- PD 5500
- EN 13445
- AD 2000
- GOST

MANUFACTURING

- Pressure Vessels
- Skid Assembly

VALVE ACTUATORS

ELFORCONTROLS *Actuator and Valves Automation*

- Pneumatic
- Electric
- Hydraulic
- Accessories for Automation

AFTER SALES ACTIVITIES

- Site Assistance
- Survey
- Spare Parts Supply
